OWNERS MANUAL

THANK YOU FOR CHOOSING

Mission Limited Lifetime Warranty

LIMITED LIFETIME WARRANTY

MISSION BOWS ARE MANUFACTURED IN THE UNITED STATES WITH HIGH QUALITY MATERIALS BY EXPERT CRAFTSMEN AND ARE FULLY GUARANTEED AGAINST ANY DEFECT IN THE MATERIALS OR WORKMANSHIP FOR THE LIFE OF THE BOW TO THE ORIGINAL REGISTERED OWNER. IF ANY FAILURE OCCURS DUE TO A DEFECT IN THE MATERIALS OR MANUFACTURING OF THE BOW, IT WILL BE REPAIRED OR REPLACED FREE OF CHARGE.

THE MISSION LIFETIME WARRANTY DOES NOT INCLUDE REPAIRS NEEDED DUE TO IMPROPER USE, ACCIDENTS, DRY FIRES, OR NORMAL WEAR ON FINISH OR CONSUMABLE PARTS. CONSUMABLE PARTS INCLUDE THE STRING, CABLES, RUBBER STRING SUPPRESSORS, MONKEY TAILS, STRING GRUBS AND DAMPERS. THE MISSION LIFETIME WARRANTY DOES NOT INCLUDE COSMETIC APPEARANCE CAUSED BY NORMAL USE AND WEAR. THIS WOULD INCLUDE CHIPS, DINGS, SCRATCHES, OR WEAR OF THE FINISH CAUSED BY NORMAL USE.

EVERY MISSION BOW MUST BE REGISTERED WITHIN THREE MONTHS OF PURCHASE TO BE ELIGIBLE FOR THE MISSION LIFETIME WARRANTY. ANY ALTERATIONS TO THE BOW, INCLUDING COSMETIC REFINISHING, VOIDS ANY AND ALL WARRANTIES, WRITTEN OR IMPLIED.

SUBMITTING A WARRANTY CLAIM

ALL WARRANTY CLAIMS MUST BE PROCESSED THROUGH AN AUTHORIZED MISSION RETAILER. YOUR AUTHORIZED MISSION RETAILER WILL CONTACT A MISSION WARRANTY TECHNICIAN ON YOUR BEHALF.

PLEASE NOTE

MISSION RESERVES THE RIGHT TO MAKE SUBSTITUTIONS ON WARRANTY COVERAGE FOR ANY REASON, INCLUDING BUT NOT LIMITED TO AVAILABLE PARTS OR CUSTOM COLORS AND CAMO PATTERNS. AUTHORIZED MISSION RETAILERS MAY CHARGE FOR WARRANTY WORK PERFORMED.

Safety First. Bulls-Eyes Second.

Before using this equipment, please abide by all of the following safety guidelines and warnings. Consult your Authorized Mission Retailer with questions.

To insure your personal safety and the safety of those around you, it is necessary that you **READ, UNDERSTAND** and **FOLLOW** all warnings and safety precautions prior to using or working on your bow or any archery equipment used with the bow.

WARNING: This bow is intended strictly for recreational use only. The warnings that follow are specifically directed to the use of the bow.

WARNING: Mathews Archery, Inc. shall not be liable for injuries suffered or caused by misuse, unsafe or improper arrow and bow combinations or for injuries sustained when using an altered or modified bow or by un-conventional use.

WARNING: Never work on, or attempt to shoot your Mission® bow while on medication that may impair your judgment, physical abilities, or reflexes. Never work on, or attempt to shoot your Mission® bow while under the influence or while consuming drugs or alcohol. Doing so can result in damage to the bow, inflict serious injury or even death.

Equipment Warnings

NOTICE: While the warnings contained herein relate specifically to the bow and arrow, the majority of bows produced are used in bow hunting situations where other types of equipment and accessories are used.

If you are a bow hunter, it is highly recommended that you become knowledgeable of the recommendations and warnings that are associated with all equipment that you use while bow hunting.

WARNING: Your Mission bow is a precision instrument that requires specific tools and expertise. Accordingly, Mission recommends that all maintenance and repair of your Mission bow be performed by an Authorized Mission Retailer. Failure to comply with this warning may cause damage to your bow and may inflict serious injury or even death and may void your warranty. Mission shall not be held liable if this warning is ignored.

Storing and Maintaining Your Bow

WARNING: NEVER EXPOSE YOUR BOW TO EXTREME HEAT OR PROLONGED MOISTURE.

Avoid storing your bow for extended periods of time in areas subject to extreme heat, such as the trunk of a vehicle or in a garage. Damage to your limbs, strings, and other parts of the bow caused by extreme heat, may not be covered under the manufacturer's lifetime warranty.

If your bow becomes exposed to moisture, be sure it is completely dry before storing it. Do not use solvents, sprays or cleaners such as acetone or mineral spirits, on or around your bow, as they may adversely affect the finish. Rather, use a damp cloth to clean.

Prior to Shooting Your Bow

WARNING: CAREFULLY INSPECT YOUR BOW BEFORE EACH USE.

Always be sure that you take the following actions before each use of your bow:

- > Carefully inspect the condition of the bowstring and cable(s).
- > Carefully inspect the condition of the string servings, nocking point or string loop.
- > Carefully inspect that the limbs, cams and riser are in proper condition and orientation.
- > Always keep your bow string and cable(s) waxed.
- > Damaged strings and cable(s) will adversely affect the performance of your bow and could result in further damage to other bow components and may inflict serious injury to yourself and those around you.

Always inspect bow string and cable(s), arrows, nocks, fletching, arrow rest, bow sight, and all other accessories before use for damage. Any damaged bow parts or accessories should be reported to your Authorized Mission® Retailer for inspection or replacement.

Prior to Shooting (cont'd)

WARNING: Use extreme caution when handling sharp objects or arrows equipped with broadheads around the bow's string and cable(s). If a string or cable is cut or frayed it should be replaced immediately. A cut string or cable(s) can result in instantaneous separation and may inflict serious injury to yourself and those around you.

WARNING: NEVER DRY-FIRE YOUR BOW. Dry-firing is when the bow string is drawn and released without an arrow nocked to the string. If you dry-fire your bow it may severely reduce the life expectancy of the bow and may cause immediate damage to the bow and may inflict serious injury to yourself and those around you.

WARNING: Always shoot the recommended minimum arrow weight. Do not shoot an arrow weighing less than five grains for every pound of draw weight. For example, if your bow is set at 70 lbs. do not shoot an arrow weighing less than 350 grains. Shooting an arrow below five grains per pound of the bows draw weight can cause damage to your bow and may inflict serious injury to yourself and those around you. Damage caused by shooting an arrow that is too light will not be covered under warranty. Shooting an underweight arrow has an effect similar to that of a dry-fire and may inflict serious injury to yourself and those around you. If you are unsure about the arrow compliance to your bow, contact your Authorized Mission Retailer or the arrow manufacturer.

WARNING: Always follow the inspection recommendations provided by the manufacturer of your arrows. Inspect your arrows and nocks regularly or preferably before each use. Immediately discard any dented, split, splintered or otherwise damaged arrows. Replace cracked, damaged or broken nocks.

NEVER SHOOT A DAMAGED ARROW. Shooting a damaged arrow may inflict serious injury to yourself and those around you.

Shooting Your Bow

WARNING: ALWAYS BE SAFE! NEVER shoot straight up. **NEVER** draw or attempt to shoot your bow until you are sure that no part of the bow can come into contact with another object during the shooting process. **DO NOT** draw the bow beyond its specified draw length. **NEVER** point or aim a drawn bow at another person or at any object you do not intend to shoot.

WARNING: ALWAYS BE SURE OF YOUR TARGET. Make sure that there are no people, livestock, buildings, roads or other objects behind or near your target. Be sure that your backstop is large enough to catch a stray arrow and that it is thick enough that the arrow cannot completely penetrate through it. When shooting with others, never retrieve arrows or allow others to retrieve arrows until all arrows have been shot and the shooting lane is clear.

Draw Weight & Draw Length Adjustability

Draw weight adjustments can be made by turning the limb bolt counter-clockwise using an Allen wrench. It is important to adjust both limb bolts in equal amounts. Do not exceed the recommended turns out from the maximum draw weight. See adjustability charts at our website for bow-specific information. www.missionarchery.com

Personal Records

Remember, your Mission® warranty is only activated when you register your bow. Register now at: **missionarchery.com**
